Low impact on score

Environment

Medium impact on score

● → **60**/100

Environment | Policies

High impact on score

● → **25**/100

A policy is a set of objectives that addresses specific sustainability issues. It shows a company's intention to reduce impact, mitigate risk or improve performance.

Strengths

Environmental policy on energy consumption & GHGs

Environmental policy on materials, chemicals & waste

Environmental policy on water

Quantitative objectives set on energy consumption & GHGs

Improvement areas

Medium priority Basic environmental policies: lacks details on specific issues

Medium priority Inconclusive documentation for policies on customer health & safety

Medium priority Inconclusive documentation for policies on product use

Medium priority Inconclusive documentation for policies on product end-of-life

Environment | Endorsements

Low impact on score

● → **0**/100

Endorsements are your company's public adherence or commitment to meeting objectives and principles defined by a recognized third-party organization.

Improvement areas

Low priority No conclusive information on endorsement of external initiatives or principles on environmental issues

Environment | Measures High impact on score

● → 50/100

Measures are your company's actions to support your sustainability policies and commitments.

Strengths

Other actions to ensure safe management of hazardous substances
Energy and/or carbon audit
Improvement of energy efficiency through technology or equipment upgrades
Purchase and/or generation of renewable energy
Reduction of the use or emissions of fluorinated greenhouse gases (e.g. HFCs, PFCs, SF6)
Actions for labeling, storing, handling and transporting hazardous substances
Environmental emergency measures in place
Specialized treatment and safe disposal of hazardous substances
Actions or training to raise employee awareness on waste reduction & sorting
Company-specific emergency preparedness and response procedure regarding customer health and safety
Wastewater quality assessment
Use of recovered input materials
Reduction of internal wastes through material reuse, recovery or repurpose

Improvement areas

Low priority	No information on actions regarding environmental impacts from product or packaging end-of-life
Low priority	No information on actions regarding environmental impacts from product use

Environment | Certifications Medium impact on score

● → 100/100

Certifications confirm your compliance with international standards (for example, ISO 14001). They must be issued by an external certification body.

Strengths

ISO 14001 certified

Environment | Reporting Medium impact on score

● → 25/100

Reporting is based on quantitative KPIs that measure your implementation of sustainability practices.

Strengths

Total gross Scope 1 reporting value confirmed in supporting documentation
Total gross Scope 3 GHG emissions reporting value confirmed in supporting documentation
Reporting on total weight of non-hazardous waste
Declares none of the sites/operations located in or near biodiversity-sensitive areas (not verified)

Reporting on total gross Scope 3 GHG emissions

Reporting on total energy consumption

Reporting on total water consumption

Reporting on total gross Scope 1 GHG emissions

Reporting on total gross Scope 2 GHG emissions (market or location based)

Materiality analysis in sustainability reporting

Reporting on total amount of renewable energy consumed

Reporting on total weight of hazardous waste

Total gross Scope 2 reporting value confirmed in supporting documentation

Improvement areas

High priority Insufficient reporting on environmental issues

Low priority Declares responding to the CDP, but no supporting document provided

Low priority No information on reporting on total amount of water recycled and reused

Low priority No information related to reporting on total weight of waste recovered

Low priority No information on the percentage of WEEE collected out of total EEE placed on the market

Environment | 360° Watch High impact on score

Labor & Human Rights High impact on score ● ↗ **60**/₁₀₀

Labor & Human Rights | Policies High impact on score

● ↗ 50/100

A policy is a set of objectives that addresses specific sustainability issues. It shows a company's intention to reduce impact, mitigate risk or improve performance.

Strengths

Labor & human rights policy on employee health & safety
Labor & human rights policy on career management & training
Labor & human rights policy on social dialogue
Labor & human rights policy on working conditions
Labor & human rights policy on child labor, forced labor & human trafficking
Standard policy on a majority of labor or human rights issues
Labor & human rights policy on diversity, equity & inclusion

Improvement areas

Low priority No quantitative target on labor and human rights issues
Low priority Declares that no commitment or review has been conducted regarding payment of living wage

Labor & Human Rights | Endorsements Low impact on score

● → 0/100

Endorsements are your company's public adherence or commitment to meeting objectives and principles defined by a recognized third-party organization.

Improvement areas

Low priority No conclusive information on endorsement of external initiatives or principles on labor and human rights issues

Labor & Human Rights | Measures High impact on score

● ↗ 75/100

Measures are your company's actions to support your sustainability policies and commitments.

Strengths

Employee satisfaction survey
Grievance mechanism on discrimination and/or harassment issues
Health care coverage of employees in place
Provision of skills development training
Collective bargaining agreement on working conditions
Collective bargaining agreement on diversity, discrimination and/or harassment
Collective bargaining agreement on career management & training
Employee representatives or employee representative body (e.g. works council)
Process in place to prevent the retention of employee identification documents
Employee health and safety emergency action plan

Equipment safety inspections or audits
Training of employees on health and safety risks and best working practices
Regular assessment of individual performance
Collective bargaining agreement on employees' health & safety
Employee health & safety risk assessment
Regular employee health check-up
Complaints procedure in place for employees to report on occupational health and safety issues
Actions in place to ensure health and safety of non-employee workers and other contracted workers on premises

Labor & Human Rights | Certifications Medium impact on score

0/100

Certifications confirm your compliance with international standards (for example, ISO 14001). They must be issued by an external certification body.

Improvement areas

Low priority ISO 45001 certification is in progress
--

Labor & Human Rights | Reporting Medium impact on score

25/100

Reporting is based on quantitative KPIs that measure your implementation of sustainability practices.

Strengths

Materiality analysis in sustainability reporting
Reporting on number of days lost to work-related injuries, fatalities and ill health

Improvement areas

High priority Insufficient reporting on labor and human rights issues
Low priority No information on reporting on workplace diversity
Low priority Declares reporting on number of recordable work-related accidents, but no supporting documentation available
Low priority No information on average hours of training per employee
Low priority No information on reporting on ratio of the annual total compensation of the highest paid individual, to the median annual total compensation for all employees

Ethics | Policies High impact on score ● ↘ **50**/100

A policy is a set of objectives that addresses specific sustainability issues. It shows a company's intention to reduce impact, mitigate risk or improve performance.

Strengths

Standard policy on a majority of ethics issues

Policies on corruption

Disciplinary sanctions to deal with policy violations

Policy on information security

Policy on conflict of interest

Dedicated responsibility for ethics issues

Improvement areas

Low priority Inconclusive documentation for policies on fraud

Ethics | Endorsements Low impact on score ● → **0**/100

Endorsements are your company's public adherence or commitment to meeting objectives and principles defined by a recognized third-party organization.

Improvement areas

Low priority No conclusive information on endorsement of external initiatives or principles on ethics issues

Ethics | Measures High impact on score ● → **50**/100

Measures are your company's actions to support your sustainability policies and commitments.

Strengths

Specific approval procedure for sensitive transactions (e.g. gifts, travel)

Whistleblower procedure for stakeholders to report information security concerns

Whistleblower procedure for stakeholders to report corruption and bribery

Measures for gaining stakeholder consent regarding the processing, sharing and retention of confidential information

Improvement areas

High priority No conclusive documentation regarding corruption risk assessments

High priority No conclusive documentation regarding information security risk assessments

Medium priority No conclusive documentation on awareness training to prevent corruption and bribery

Low priority No conclusive documentation on audits of control procedures to prevent corruption

Low priority No conclusive documentation regarding an anti-corruption due diligence program on third parties

Sustainable Procurement Low impact on score ● ↗ **70**/100

Sustainable Procurement | Policies High impact on score ● ↗ **75**/100

A policy is a set of objectives that addresses specific sustainability issues. It shows a company's intention to reduce impact, mitigate risk or improve performance.

Strengths

Policy on conflict minerals issues

Comprehensive sustainable procurement policies on both social and environmental factors

Sustainable Procurement | Endorsements Low impact on score ● → **0**/100

Endorsements are your company's public adherence or commitment to meeting objectives and principles defined by a recognized third-party organization.

Improvement areas

Low priority Claims endorsement of specific international or industry sector initiatives on conflict minerals issues, but information could not be verified

Sustainable Procurement | Measures High impact on score ● → **50**/100

Measures are your company's actions to support your sustainability policies and commitments.

Strengths

Integration of social or environmental clauses into supplier contracts

Regular supplier assessment (e.g. questionnaire) on environmental or social practices

Formal assessment of suppliers' progress with regards to REACH requirements

Selected suppliers required to fill Conflict Minerals Reporting Template (CMRT)/other customized conflict mineral-related questionnaire

Improvement areas

Medium priority No conclusive documentation on on-site audits of suppliers on environmental or social issues

Medium priority No conclusive documentation on sustainability risk analysis (i.e. prior to supplier assessments or audits)

Medium priority No conclusive documentation on the training of buyers on social and environmental issues within the supply chain

Medium priority No conclusive documentation on supplier sustainability code of conduct in place

Sustainable Procurement | Certifications Medium impact on score

● → 25/100

Certifications confirm your compliance with international standards (for example, ISO 14001). They must be issued by an external certification body.

The below disclaimers apply to you if you have no contractual relationship with EcoVadis:

1. This Scorecard has a validity of twelve (12) months from the issue date. The rating and this Scorecard have been prepared based on information provided by the rated company and in accordance with best industry practices and EcoVadis methodology, which may differ from those used by other companies conducting similar assessments. EcoVadis disclaims any liability for any actions and/or decisions taken by a third party, including any investment decision, based on the ratings and/or this Scorecard.
2. This Scorecard is based on the disclosed information and news resources available to EcoVadis at the time of assessment. Should any information or circumstances change materially during the period of the Scorecard validity, EcoVadis reserves the right to place the Scorecard on hold and, if considered appropriate, to re-assess and possibly issue a revised Scorecard.
3. This Scorecard is the intellectual property of EcoVadis and must not be: (i) copied, modified, translated, published, reproduced and/or (ii) used as part of or in connection with any other CSR/ESG assessment, unless agreed otherwise in a written agreement signed with EcoVadis.
4. This Scorecard is the confidential information of EcoVadis. Unless agreed otherwise in a written agreement signed with EcoVadis, this Scorecard and the rating must not be used by a third party as part of or in connection with any activity related to revenue generation and shared any further; it may be used only for a third party's internal purposes.
5. Only a Scorecard of a rated company having a Select subscription can be used for the purpose of ESG – linked loans and similar products offered by any financial institution outside of the EcoVadis solution.
6. The rating and this Scorecard have been prepared based on information provided by the rated company and in accordance with best industry practices and EcoVadis methodology, which may differ from those used by other companies conducting similar assessments. EcoVadis disclaims any liability for any actions and/or decisions taken by a third party, including any investment decision, based on the ratings and/or this Scorecard.
